

DISTRICT PROFILE

The Paris District plans, designs, builds, operates and maintains the state transportation system in its nine counties. The district primarily conducts asset preservation and mobility projects to ensure the safety of the traveling public. The Paris District experiences varying weather conditions from extreme heat to sub-freezing temperatures, which result in varying challenges for maintenance crews and designers in order to maintain district assets and assure the safety of the traveling public year-round.

MAINTENANCE: We spent more than \$154 million in FY 2024 maintaining and improving the roadways in the Paris District.

CORRIDORS: The Paris District's priority corridor efforts include I-30 in the southern portion of the district, US 75 and US 82 through the northern portion of the district and major connector highways US 271, SH 24, SH 121, US 377, and SH 19.

SAFETY: Safety is the top priority in all of our construction projects. We develop every project with the intent of improving safety on our roadways.
